Wheat Rolls To All Elevators

High Yield With Fine Test Reported in All Parts of the County

Harvest is in full blast in every part of Randall county. The rains of the week end were localized so as not to interfere with the combines in many sections of the county.

Yields are being reported from 25 to 35 bushels to the acre. However, not a sufficient amount has been cut so far that it is possible to make a definite statement as to the average yield in any section of the county.

The News made an error last week as to the first load of wheat. The first wheat was brought to the Consumers Fuel Association Elevator by Bradley Burrus. H. W. Stroud, manager, stated yesterday that he had shipped 25 car loads of wheat, which is a good indication of the heavy yield of the wheat.

The tests are running 62 and 63. In sections where rain fall the test was not materially lowered.

The labor situation is critical. Many calls are being made at the County Agent's office which cannot be filled. There is plenty of work for every man in the county wanting a job. Prevailing wages run $7 to $8 for tractor men, while experienced combine men are paid a higher scale, depending upon their ability. There is an urgent need for every man wishing a job to go to the County Agent's office and leave his name.

Many of the farmers are selling their wheat, but a considerable number will take the government loan which is set at $1.28 per bushel.

Daugherty Home Hit by Lightning Sunday Afternoon

Sunday afternoon during the rain and electric storm, lightning struck the home of Mr. and Mrs. J. Madison Daugherty. All the light fuses and wall switches were blown out. Fire was started in the roof.

Quick action upon the part of friends and the Canyon Fire Department saved the house from destruction from fire. Ceilings were ruined by the water. All the furniture and furnishings, even to the pictures and mirrors from the walls, were moved to safety and were not damaged by water from the rain or fire fighting.

Mr. and Mrs. Daugherty were away from home, having gone to Post to a reunion of the Greenfield children in the home of Mrs. Dan Altman. They arrived home late that night as they were enroute home when friends telephoned to Post.

No Men Likely to Be Sent in July to Armed Forces

Samuel Britton Johnson and Andrew Lee Walsh went to Lubbock Tuesday morning, took their physical examinations and were inducted into the navy. Both boys had just reached 18 and were anxious to get into the navy while they could still volunteer. This privilege is withdrawn after July 1.

As a result of recent volunteers the local Selective Service Board will not have to send men to the armed forces during July unless an additional call is received. This is unlikely since the calls had been made for the middle of the month.

Hamel Wilson Given The Purple Heart; Wounded in Italy

According to word received by Mrs. P. M. Wilson, her son, Pfc. Warren Hamel Wilson has been slightly wounded in active duty in Italy.

Sunday, June 11, Mrs. Wilson received the Purple Heart that had been awarded to Pfc. Wilson, because of action he was in when wounded.

Pfc. Wilson left Canyon with Co. F. of the 142nd Inf. and is a part of the now world famed "Texas "36th" fighting in Italy.

STORK SPECIAL

A daughter was born to Lt. (j. g.) and Mrs. Arthur C. Haley, Jr., in an Amarillo hospital June 25. Lt. Haley is signal officer in the Navy and is on duty in the Pacific. The mother has been with her parents, Mr. and Mrs. Clyde Warwick for the past month. Both parents were members of the '42 graduating class of West Texas State.

The baby has been named Mary Patricia.

A son was born to Mr. and Mrs. J. C. Brock June 16 at an Amarillo hospital.

BACK THE INVASION!

Billy M. Brown In Navy Training

Bluejacket Billy M. Brown, son of Mr. and Mrs. M. B. Brown, was graduated from the Naval Training School (Electric) at the University of Kansas, Lawrence, Kansas, June 20, and promoted to the rate of fireman first class.

Majority Firms to Close Tuesday for July 4 Holiday

Business houses in Canyon came to no definite decision when a survey was made this week concerning the closing for the Fourth.

The First National Bank will be closed as will the greater percentage of businesses not essential to the harvest season.

Housewives will do well to attend to their marketing on Monday in quantities large enough for Tuesday.

Because of the heavy harvest season now in progress, there will be no special program for celebration of the Fourth in Canyon.

Absentee Voting May Start July 1, Ending July 18

All county and precinct candidates in Randall county have paid their assessments to defray the expenses of the primary elections. In many counties candidates withdrew from the races at the last minute, but all of them stayed in Randall county.

The primary ballots will be printed this week and ready for absentee voting starting July 1. Absentee votes may be cast until July 18. Those who will be out of the county on July 22, the first primary, may call at the office of County Clerk A. B. Holt, and cast an absentee ballot. Those away from Randall county may make application for absentee ballots.

BILL BEWLEY W. BOATSMAN

Bill Bewley has been promoted to Warrant Boatsman and is stationed at San Pedro, Calif., for small boat training. He and his wife have a new baby girl born June 15.

Church of Christ to Hold Meetings

Beginning Saturday, July 1, at 8:30 p. m. the local Church of Christ at 1700 3rd Avenue will hold a 14-day meeting. James D. Willeford of Carlsbad, N. M., will conduct the services, with Raymond Whittington, regular minister for the congregation, assisting as song leader.

Brother Willeford is well known in Canyon, having served as minister for the church during 1933-34 while attending West Texas State College. His wife and son will accompany him on the trip and visit in Canyon during the meeting.

Services will be daily at 10 a. m. and 8:30 p. m. On each Tuesday afternoons at 3:30, there will be lessons of especial interest to women. The Church invites all people of Canyon and vicinity to avail themselves of this opportunity to hear a presentation of the Word of God.

Food Processing Plant Received

Vocational Groups Will Assist People in Handling Canning for the Season

Work has begun on the assembling and installation of equipment for the Food Processing Plant for Randall County. Materials and appliances have arrived, and the local Lions Club has assumed responsibility of installations.

Housing facilities for the current season have been given by West Texas State College. The plant will be located in Terrill Dining Hall on the north grounds of the college campus. The hall is spacious, well ventilated, and will house adequately and conveniently the proposed canning center.

Mrs. George Archer has been selected to serve as supervisor, and will take charge when the center opens. In making plans for the present canning season, she suggests that those who would like to do canning on a cooperative basis, and those wishing to have produce canned, contact either her or Milton Morris.

The Vocational Agriculture groups from Canyon's two High Schools, an advisory group composed of Miss Gladys Armstrong, W. G. Sanderson, Mrs. Marie Fowler, Miss Ruth Ford, and Milton Morris; and a committee from the county at large made up of Mrs. L. D. Winn, Mrs. Lonnie Byars, Mrs. Floyd Tomlinson, Mrs. Frank R. Phillips, and Mrs. Herschel Jennings, have been working on this community project for several months. The response of people of the county, and of various social and civic organizations has been most gratifying and the committees hope to announce the opening date of the plant in next week's issue of the News.

This Food Processing Plant is being secured for the use of each citizen of Randall county, to be accessible without charge. Watch for opening date and plan to use consistently this convenient, modern center for the preservation of your food supply.

State Democratic Leaders Met Many Here Saturday

Democrats from the 18th Congressional District were entertained Saturday evening at the Art Hawks ranch at a steak fry in honor of George A. Butler of Houston, chairman of the Democratic State Committee, Mrs. Butler, Mrs. H. H. Weinert of Seguin, Democratic chairwoman, and Charles Simons, secretary of the State committee.

Chairman from a number of counties were present. Attending from Canyon were Dr. J. A. Hill, Mayor and Mrs. W. A. Warren, Mr. and Mrs. Clyde Warwick.

C. C. Gibson, chairman of the 18th district, was host for the occasion.

Mr. Butler made a short talk in which he outlined the aims of the State committee. He declared in favor of an aggressive program for the Democrats of Texas. Democrats of the South must fight to a show-down whether the party will return to control by principle, or pass into the personal control of self-serving men and groups.

His declaration against the existing policies of the New Deal was heartily endorsed by those in the group. While a majority of the selected delegates to the National convention may vote for the nomination of President Roosevelt, since they are free to cast their vote as they please, the entire delegation is united in its stand to select a candidate for vice president who will work with the South and favor the policies which will restore Democratic principles.

Local Boys Begin Naval Training; One With Marines

John Archer LeGrand was accepted in the Marine Corps at Lubbock last week.

Reporting to the navy were Olen Lee Christie and William Esther Gipson. Harold Henry Beckman was transferred to Hale county for induction.

UPCHURCH STILL SERIOUS

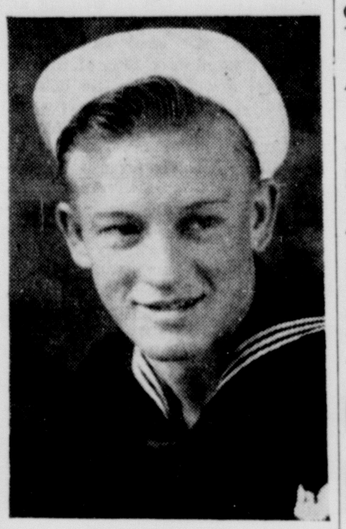
J. P. Upchurch, who was badly burned and shocked by touching a 13,200 volt electric wire on his place, Friday, June 16, is still in a serious condition in the Amarillo General Hospital. He is now able to take some nourishment and there is hopes that his condition will improve rapidly.

Neighbors of the Upchurches are seeing that work on the farm is kept up.

HAD OPERATION

Mrs. Cass Jennings is in an Amarillo hospital recovering from an operation which was performed last week.

Jackie Brian Is Now in the Pacific



Jackie W. Brian, Phm. 3/c, ex-student of Canyon High School and West Texas State is somewhere in the South Pacific bothered more by the coral snakes and daily rains than he is by the Japs. Mrs. P. K. Brian, his mother, who for years made her winter home south of the Canyon High School is now with her daughter, Mrs. Loura Ferne Nowlin, at Vernon.

Award Given Monday Night

Certificate Presented To Dr. Hill By Capt. Paul Boutz

A program was given Monday by the Army stationed on the campus, West Texas State College received a certificate of award presented by the Army in recognition of the college's superior services to the war effort through the detachment which has been stationed on the campus.

Captain Paul A. Boutz, commanding officer, presented the award to Dr. J. A. Hill.

The program at the auditorium was:

National anthem—Audience.

Invocation — Chaplain C. M. Young.

Chopin's Prelude in D Flat—Miss Pauline Brigham.

Presentation of Certificate of Service Award—Capt. Paul L. Boutz.

Acceptance—President J. A. Hill.

Air Corps Song—Audience.

Following the program there was an informal reception at Cousins Hall. In the receiving line were the commissioned officers of the detachment, President and Mrs. J. A. Hill, Coordinator Cecil Briggs and Mrs. Briggs. Appropriate refreshments were served.

Rains Over the Weekend Fall in Canyon Territory

Canyon received 1.78 inches of rain over the week end.

The moisture Friday night amounted to .28 of an inch; .25 on Saturday night; 1.25 inches Sunday afternoon.

The Saturday and Sunday rains did not extend to the South or West of Canyon. The Sunday's rain was even heavier to the East of Canyon than that which fell in Canyon.

One of the hardest electrical storms of the year accompanied the rain Sunday. Power was off for nearly half an hour because of the damage done by the lightning.

The home of J. M. Daugherty north of Canyon was hit by lightning and set on fire.

The maintenance crew of the Southwestern Public Service Co. was on the lines nearly all of Sunday night getting repairs made so that service would not be interferred with in Canyon.

Rain last night in Canyon amounted to .35 of an inch. The rain was much heavier in the north part of the county.

Dewey and Bricker Choice of Republicans at Chicago

The Republicans nominated Gov. Thos. E. Dewey of New York as a candidate for President, and Gov. Bricker of Ohio as his running mate.

Dewey flew to Chicago and made a fighting speech of acceptance last night. He challenged the New Deal administration as a group of "old men," fussing and bickering among themselves.

According to word received by his mother, Sgt. Bud Myers had an operation on both legs on May 5. He is recovering satisfactorily and expects to be back in line of duty in a few days.

Mrs. Tom Harbert and daughters, Kay and Dianne of Dumas spent Sunday with Mrs. John Albers.

Official Statement From the War Department on O'Donald and Gill

Acts of Heroism of Local Boys Praised for Valiant Services in Italy

How Staff Sergeant Carroll T. O'Donald, Canyon, Texas Infantryman, captured 28 Germans singlehandedly during the Italian campaign was revealed today by the War Department which announced that the Distinguished Service Cross had been awarded for his act.

Sgt. O'Donald later was killed in action in Italy and the award will be made posthumously to his father, Simon O. O'Donald, Box 772, Canyon, Texas.

The story of Sgt. O'Donald was told in official reports by a war hero from his own home town, 1st Lt. Joe W. Gill, who holds the Silver Star with Oak Leaf Cluster and was commissioned on the battlefield.

Lt. Gill, whose address is 1308 Fourth Street, Canyon, said that Sgt. O'Donald's Infantry company was attacking enemy positions on the southern slope of Hill 790 near Cairo, Italy. It was Jan. 31, a cold wintery day, and the hillside was slippery with mud.

Sgt. O'Donald's platoon leader was wounded by machine gun fire during the action and O'Donald took command of the group. He moved the platoon to a more advantageous position on the flank. Here he set up a base of fire directed toward an enemy-held house from which machine gun fire had been coming.

Fifty yards from the house the platoon could advance no farther without heavy casualties.

Lt. Gill witnessed what happened next. He said the Germans were utterly surprised by Sgt. O'Donald.

"With utter disregard for his own life," Lt. Gill said, "Sgt. O'Donald dashed toward the house, firing as he ran."

So surprised were the enemy that 28 of them surrendered at once to the lone Infantryman. As a result of the enemy strong point the advance continued on schedule.

"The outstanding leadership and magnificent courage displayed by Sgt. O'Donald were an inspiration to all members of the platoon," Lt. Gill added. "He was later killed in action by an artillery shell fragment during a subsequent attack against the enemy on Hill 468 while in the performance of his duties."

Lt. Gill was a first sergeant when he won the Silver Star and Oak Leaf Cluster, which is awarded in lieu of a second star.

On Dec. 9 last year, during the Italian campaign, Sgt. Gill volunteered to lead a three-man patrol deep into enemy territory in the rugged mountainous terrain to locate German positions. As he and his patrol advanced through the darkness they were under fire from both friendly and enemy artillery and had to dodge enemy patrols which were scouring the hills.

Sgt. Gill remained on the patrol most of the night and returned safely with valuable information.

On Dec. 15 he again volunteered for dangerous work, leading an Infantry platoon to the top of an enemy-held hill. Though it was night, he observed a cave with tent canvas over its entrance. He slipped up to the mouth of the cave and pulled aside the canvas. One of his men shot down a German officer just beforee he fired at Sgt. Gill.

This done, Sgt. Gill sprang inside the cave and dragged a German soldier outside where he forced the stranger to tell the location of Nazi positions. With this knowledge, Sgt. Gill helped capture 15 more German prisoners.

Wading Almost Proves Fatal to Melvin Tucek

Melvin Tucek, small son of Mr. and Mrs. Raymond Tucek, narrowly escaped drowning Sunday evening when he accidently stepped into a water filled hole while wading after the big rain. He was found floating on the water and it was only after the doctor administered aid that the child revived.

Fire Truck Is Robbed, Making Needless Delays

If your house caught on fire this minute, you would wish for the fire department to come in a hurry. You expect this service.

But there are some folks in Canyon, a very small minority, no doubt, who think that it is smart to interfere with the operation of the fire department.

Gasoline has actually been stolen from the fire trucks. The department cannot arrive when there is no gas in the tanks.

The fire department must have equipment. But the axes had been taken from the truck when it arrived at a fire Sunday afternoon.

The firemen should be protected with rubber boots, hats and coats. But they cannot leave these articles of wear on the trucks, ready for action when a fire calls them into action.

Canyon citizens should not treat the volunteer department so shabbily. Your house may be the next one to be found on fire.

More History of Churches in City Is Disclosed

On Sixth Avenue stands the little Catholic Church, St. Anne's. It is the only church in Canyon with a bell; formerly each Sunday morning the bell called worshipers to Mass, but now it no longer rings. A prominent member of the Methodist Church said not long ago, "That bell was the most religious thing in Canyon and I can't regret enough that it is silent these days."

This church was built in 1926 on land bought in 1924. F. P. Guenther, teacher of foreign languages in the college, a native of Austria, was largely instrumental in the erection of the fair little church. Mr. Guenther's cenotaph on the college campus is a permanent memorial to the excellence of this good man:

"In memory of Ferdinand Paul Guenther, friend, scholar, gentleman; worshiper of beauty and harmony in nature in art and in life, noble contribution of the Old World to the New. Erected by the Class of 1925."

Margarethe Meyer WAC Is Promoted To Sergeant

Margarethe Meyer, daughter of Mrs. Henry Meyer, who entered the WACs just one year ago was given a sergeant rating last week. Sgt. Meyer, who had been made a corporal only three months ago, has been stationed at Aberdeen Proving Grounds, Md., for nearly nine months.

Charles E. Donnell Jr. Made Corporal

Charles E. Donnell, Jr., former operator at Olympic Theatre, was made Corporal, June 16. Cpl. Donnell is assistant manager of the Marine Corps Theatre at the Marine Corps Base, San Diego, Calif.

C. WALKER MADE SERGEANT

Calvin L. Walker, son of Mr. James W. Walker, Canyon, has been promoted from corporal to sergeant. Sgt. Walker is assigned to duty as a cook at AAF Pilot School Basic, Garden City, Kansas.

MARRIAGE LICENSE

O. M. Godfrey to Miss Melba Louthan, June 22.

George Leslie Cullender to Miss Theone Parker, June 23.

County Agent W. H. Upchurch and Home Demonstration Agent Mary Lou Patterson were called to College Station this week for the annual Short Course. This has been held during August in years past.

Warren Bought Funeral Home

Will Take Charge on the 1st of July—Griggs to Continue Services Here

Bernard B. Warren a graduate of West Texas Demonstration High School and of West Texas State College, realizes a long time ambition on July 1.

Mr. Warren has long wished to be connected with a funeral home, but has realized that this vicinity needed only one. When the force of other duties caused the Thompsons to withdraw from a long era of pleasant association with the N. S. Griggs & Sons Burial Association, Mr. Warren took the opportunity of affiliating with a firm of long standing in his chosen profession.

Mr. Warren went to Amarillo and trained with Griggs & Sons before going to Austin in June to take the State examination to become a licensed funeral director. His many friends in this vicinity wish for him success in his new field of endeavor.

T-S L. A. Haschke Wins Award of Oak Leaf Cluster

An Oak Leaf Cluster to the Air medal, the third which has been awarded to him for meritorious achievement while engaged in sustained operations over enemy territory, was presented to Tech. Sgt. Leander A. Haschke 23, of Canyon, engineer and top turret gunner on a B-17 Flying Fortress, at a presentation of awards held at an 8th AAF Composite Station, England.

The cluster, which is the award given in lieu of a medal similar to one previously received, was presented by Haschke's group commander, Col. Howard Moore, of Llano, Texas. Haschke has been in the European Theater of Operations almost a year and has participated in 24 bombing missions to Nazi targets in Europe.

The son of Mr. and Mrs. Cyril M. Haschke, of Cedar Rapids, Nebr., he was a farmer before entering the Army and was employed on the Weick farm when inducted through the Randall County Selective Service Board.

James M. Duncan Seaman 1st Class

James Merwin Duncan, Navy Bluejacket from Canyon, has graduated recently from the Naval Air Technical Training Center, Norman, Okla., with the rating of Seaman first class, and will now be transferred to a naval unit afloat or to another shore station for further instruction and work.

Seaman Duncan is the son of Mr. and Mrs. J. E. Duncan, 1803 4th Ave., Canyon, and attended Demonstration High School before enlisting in the Navy Nov. 15, 1943 at Lubbock.

R. M. Francis, Jr., Is Promoted to Captain

R. M. Francis, Jr. has been promoted from 1st. Lieut. to Captain. He is in the Army Air Corps in the communications department. He has been in communications department and has been conducting schools in the Alaskan war zone. He was in the same territory with Captain A. M. Warren, and they talked with each other, but were never able to get together.

Mr. and Mrs. Francis live at Kress and spent Monday here on business.

Miss Ava Jo Moreman underwent an appendectomy in St. Anthony hospital Saturday.

We are hearing a lot about the need for Roosevelt to head the United Nations after the war is won and peace must be worked out. The people all know the story of the failure of Woodrow Wilson as he attempted to force the American people to accept his ideas on peace. It is now recognized that had he been willing to take Former President Taft and Senator Lodge to the Peace Conference, as representatives of the Republican party, Wilson might have been able to sell America on the idea of a League of Nations. Several things have occurred recently to indicate that Roosevelt is no more of an international diplomat than was Wilson. (1) DeGaulle is presonally obnoxious to Roosevelt, therefore the President will not play ball with him in spite of the fact that he is a national hero to the French people. (2) The Polish Premier visited Washington and was given a State dinner by the President. Not a single Republican was invited. Strictly a Democratic party affair. (3) During the African campaign the President attempted to promote different Frenchmen as national heroes, but his program fell flat. (4) The President tried to boost Mihailovitch in the Balkans, and threw all his influence to this soldier in spite of the suspicion that he was also playing with Hitler. Stalin came out openly for Tito, forcing the President to change horses. (5) Roosevelt assisted in throwing out Premier Badoglio in Italy, promoting Bonomi, but now finds that the people want Badoglio. (6) We refused to recognize the new Bolivian regime until we were forced to by all American Republics. All of this adds up to two outstanding conclusions: (1) Writing the peace is going to be harder than winning the war. (2) Roosevelt is not nearly so strong an international leader and does not know so much about the peoples of other nations as he has been given credit in the past. Yet he hopes, for personal reasons, to continue as President for a 4th term.

Americans have done a lot of complaining about bureaucrats. Few people outside the newspaper business know what is going on with weekly newspapers, so here are the facts: Under the law small weekly newspapers, with circulations less than 3,000 are specifically exempted from the provisions of the Wage-Hour bill. Small newspapers cannot operate under the 40-hour law, and Congress therefore made this exemption. But from the time the enforcement of this law was handed over to the bureaucrats this gang has attempted to break down the written law by departmental rulings. South Texas weekly newspapers have been recently molested by so-called examiners who are trying to find some excuse for taking those weekly newspapers under the law. The written law is not observed or held in respect by the New Dealers who want to regulate everyone in the nation.

Last week we expressed the opinion that the administration was not adhering to the announced policy of not making millionaires from this war. All surplus war goods are being sold in such quantities that only biggest firms may profit. Now comes the order that when the government cancels orders for war goods amounting to $12 million dollars or more, the government will be responsible to the manufacturer for losses. But if the cancellation is for less than $12, no aid will be forthcoming. Little business firms are again left out in the cold, by order of the administration.

Joke on Germany

Americans returning from Germany on the exchange ship Gripsholm tell amusing tales of how German people are led to believe this country is slowly starving to death. The Germans know from bitter experience that a nation, like an army, fights on its stomach. Picturing the United States as a hunger-weakened opponent is logical for a people who have lived with starvation and have used it as a weapon to destroy other nations.

Few citizens of the U. S. know the importance of food, because they have never known scarcity. How many customers, when they walk into the marvel of a modern food store, stop to think of the scientific productive effort that went into the stocking of the shelves and counters before them with canned, packaged, and fresh foods from every corner of the United States? It is a pity they cannot see a living panorama of the preparation and distribution of the food on those shelves. From beginning to end, it is a struggle against the elements and the grim laws of supply and demand. Wartime restrictions are just one more hurdle that food producers and distributors take in stride.

No one has a better conception of the work that goes into keeping the American dinner table the most lavish in the world, than the retail distributor. He is familiar with the problems of both producer and consumers. He knows the limitations of the housewife's pocketbook, just as he is conversant with production details. His is the job of balancing the demands of the two—producer and consumer—to achieve mass distribution.

Every modern retailer of every article we eat, wear and use, believes in mass distribution as the key to a rising standard of living, which is one of the best reasons why the American people live in luxury, compared to the rest of the world—notwithstanding the wishful thinking of German propagandists.

Jimmie Allred is still on the war path. No wonder. He quit a lifetime job as federal judge at $10,000 per year in a vain effort to defeat Pappy Lee O'Daniel. He was offered a better job under the New Deal, but Senator O'Daniel blocked the nomination in the Senate. Naturally Jimmie and his good family have to eat, and to do so the former Attorney General-Governor-Judge would like to get back on Uncle Sam's pay roll for life. He has got to keep up his fight for the New Deal, regardless of his personal discomforts in not receiving that $10,000 per year. After losing out in the Democratic State Convention, Jimmie's bunch of New Dealers bolted, holding a convention of their own. Defeat is terribly hard on some folks. Jimmie decided to try to bluff the State Committee into allowing his slated electors on the primary ballot. The Committee rejected the idea. Jimmie rushed into courts, but the Texas Supreme Court voted 9 to 0 against such a procedure. There are still Texans who believe in the written law of the land, which cannot be brushed aside at the mere whim of the disgruntled party members. The next battle will come at Chicago where two sets of delegates will go to the Democratic National Convention. Controlled by the New Dealers, Jimmie is hoping that the national party will be as unfair and unreasonable as he and his followers have turned out to be, and will seat the delegates from the rump convention. Jimmie's next move is to secure control of the State Convention in September with the purpose of ousting the present State Committee, and to try once more to secure a place on the ballot in November for the electors named by the rump convention. Instead of trying to keep peace and harmony in the party, Jimmie is following the footsteps of the President in keeping the Democratic party torn up with non-essential issues.

Hitler should see the hand writing of doom. He thought that he had avoided the mistakes of Kaiser Bill and had built up a perfect war machine which the United Nations could not overcome. Here is the way the situation looks at the present time: (1) The "impregnable" Atlantic Wall never did exist. (2) The Nazi counter-invasion of England never was a serious possibility. (3) Hitler's secret weapons, such as the robot plane, are chiefly for bolstering up sinking German morale. (4) Hitler's air reserves were slated to smash the invasion. They never put in an appearance. All of which adds up to the military fact that Germany, a nation of soldiers and professional fighters, is now on her last legs. The end is in sight.

V-NEWS

Did you know that the average individual in the United States wastes slightly more than three-fourths of a pound of food per day? This figure was reached after an analytical survey was made of the garbage collected in 247 cities. When we add to this such wastes as those of fats and oils lost in cooking and subtract inedible waste as bones, shells, and the like, we still find that approximately 15% of the edible food brought into the home is wasted. Such a condition is a disgrace to America. But before we censure others or say that we are not guilty ourselves, it might be wise to check our own practices. If we answer these questions in the affirmative, some of our own habits would perhaps benefit by a change.

1. Do I leave any edible food on my plate at meals?
2. Do I remove thick peelings from vegetables or fruits?
3. Do I pour the liquid from vegetables down the sink?
4. Do I discard the outer leaves of lettuce or the outer stalks of celery?
5. Do I throw out the heels of bread?
6. Do I trim the fat from meat and fail to use it?
7. Do I forget the small amounts of food that collect in the refrigerator and permit them to spoil?
8. Am I careless in cooking so that food is lost by being scorched or do I season so inexpertly that the food is not palatable?
8. Do I cook more than is needed so that there is frequently some left in the bowl?

Let's be alert and feed our families and not the garbage!

Wartime Washington

(Newsletter by Gene Worley, Member of Congress for week of June 26-30, 1944)

With the Texas Panhandle facing or now engaged in harvesting one of the biggest small grain crops in its history, the following steps have already been taken in Washington to secure as much labor, farm machinery, and trucks as humanly possible to secure.

The National Selective Service Headquarters here in Washington has stated that the Texas Selective Service Board Headquarters had been urged to grant temporary deferments to agricultural workers about to be called. Washington Headquarters stated no blanket deferments could be made but that each Board should be instructed to be as lenient as possible in deferring these individuals for the harvest season.

I have urged the War Department to grant furloughs and otherwise release as much Army personnel as possible. They indicated their strong desire to cooperate in every way possible compatible with war demands. The War Department was also urged to make available as many Army trucks as could be spared in helping to transport the grain.

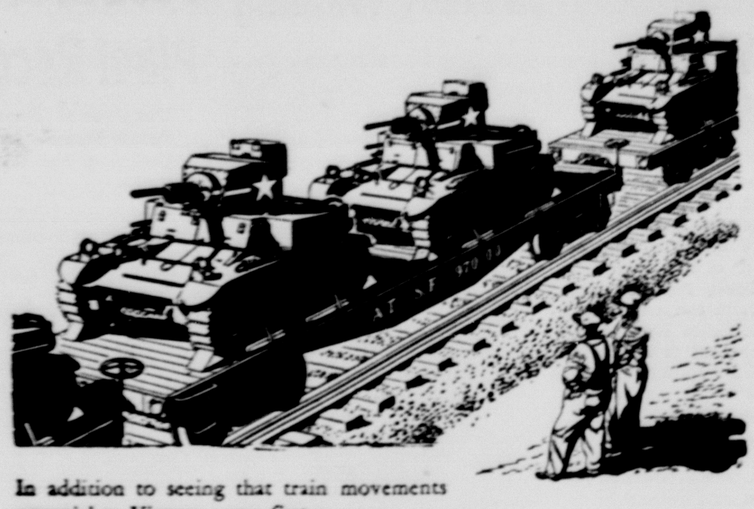
After explaining the serious shortage of truck transportation, the Treasury Procurement Division stated they had ordered an additional number of surplus trucks to that area for sale and distribution to aid the farmers.

Efforts have also been made to secure more prisoner-of-war labor. However farmers are pretty well agreed this type of labor, being foreigners, is too inexperienced in harvesting small grain to be of any great value. All of the above Departments state they recognize the severe shortage and have promised the fullest cooperation they can give in line with the demands of war.

All transportation facilities, including trains, buses, and airlines coming in or leaving Washington are packed and jammed. Reservations for travel generally must be requested at least thirty days in advance. The first and only priority recognized on railroads is the transportation of soldiers for military operations—and wounded members of the armed forces take priority over everything else—which is as it should be.

The President has approved the G. I. Bill or Rights, which is of great interest to the serviceman, his family and dependents. This time the returning veteran will receive the help which he should have received and was entitled to after the last war. I expect to have available before long a list of the provisions of this bill and will be glad to furnish this information to any persons interested.

Why we're buying
WAR BONDS



In addition to seeing that train movements essential to Victory come *first*—

Santa Fe employes in pay roll deductions alone are buying well over $1,000,000 of War Bonds every month!

We know there is no better way for us to back up those who have the toughest job of all in this dirty war—those millions of men and women in our fighting forces. 10,000 of them are former Santa Fe employes.

By buying War Bonds and keeping "Loaded for War" trains rolling, we know we are helping to bring our victorious forces home quicker—and providing ourselves with savings for the days of peace to come.

No matter where you work let's *all* dig a little deeper and buy more War Bonds *now*.

Coach Baggett Judged Meet In North Africa

Big Coach Al Baggett on leave from West Texas State is now in the North African Theatre of operations. He is the officer in charge of athletics there. Recently he was judge of the Fifth Army Track and Field Meet which took place amid the marble magnificance of the unfinished Mussolini Stadium, which, according to an Associated Press dispatch was built for the now forgotten Olympic games and in which Germans were billeted less than a month ago.

It is said that despite the lack of any special training, plus the absence of regulation track shoes, the Army men who chased the Germans up through Iitaly showed considerabel speed on the track by turning in the 100 yard dash in less than ten seconds and by dropping the 220 yard low hurdles in 26.14 seconds The victors got detached service to prepare to represent the Fifth Army in the Mediteranean war theatre track and field meet which will be held shortly.

British and American soldiers, black and white, participated in the track meet.

After watching the men who had so recently been in battle, Captain Al Baggett said "This is why we are winning the war. Guys like that just can't be beat."

Highland News

Bran Fowler and Leonard Tidwell started cutting wheat Friday. Harvest will be in full swing next week. Wheat and barley prospects are good.

Mrs. Raymond Kimball underwent a major operation at Northwest Texas hospital last Wednesday. She is reported to be getting along all right.

Mr. and Mrs. Carl Hill of Bushland are the proud grandparents of a new granddaughter born to Major and Mrs. Carl Hill, Jr., at Northwest Texas Hospital.

Messrs. Leon Tidwell, Ewal Ward, L. J. Fulton, Tom Watson and Carl Fuqua, recently prchased the Beasley Elevator at Wildorado. Leon Tidwell and Ewal Ward purchased the elevator at Everett's Switch from Mr. Elam. The elevators will be operated by Tom Watson and Miss Kathleen Tidwell will be the bookkeeper.

Mr. and Mrs. Ray of Brownsville, have leased the Wildorado Cafe and are open for business.

Several combine crews have moved into the Wildorado and Bushland community and the vacant houses are being occupied.

Rotary Year Ended Tuesday; New Set Officers July 1

The year of the Canyon Rotary Club ended Tuesday and a new group of officers assume duties July 1. Owing to the fact that next Tuesday, July 4, will be a holiday, no meeting of the club will be held.

President J. A. Hill exhibited the Certificate of Award, which was given West Texas State by the Army Air Corps Monday night. He also received a picture of General Ralph Cousins, son of the late Dr. R. B. Cousins, first President of the College. General Cousins was a member of the first graduating class of the college. He went from Canyon to West Point, and therefore is still a citizen of Randall county. At present he is in England observing the Invasion of France.

The past-president's Rotary pin was given retiring president Lee Johnson by Mr. Hill.

Mr. Johnson reviewed the work of the club during the past year and called upon the members to continue their fine support of Girl Scout and Boy Scout work.

He introduced new officers of the club for the coming year:

President, Geo. Allan Farlow.
Vice-president, Stuart Condron.
Secretary, J. W. Shook.
Directors: Rev. C. C. Armstrong, Dr. Robert P. Jarrett, John R. Sharp, Lee Johnson.

In Appreciation . .

To the people of this vicinity who for the past 24 years have turned to Griggs-Thompson Funeral Home in their hour of need.

We have endeavored to make families serene and peaceful in their moments of sorrow. Sympathy, sincerity and honesty have guided our services to the public.

Responsibilities in other lines have demanded so much of our time that we could no longer handle our funerals and our ambulance calls with the high standard of service that we set for ourselves.

In releasing our interest in these duties July 1, we are gratified to know that our friends will continue to receive sincere, honest and courteous attention through the Griggs-Warren services.

Always there will remain with each of us genuine appreciation for the kindly cooperation of our freinds of this community.

Carr-Mills Rites Read in Indiana

In a beautiful double ring ceremony performed on the evening of June thirteenth, at 7:45 o'clock, Miss Kathleen Carr, daughter of Mr. and Mrs. J. D. Carr of Canyon, became the bride of Pfc. Eugene A. Mills, son of Mr. and Mrs. Glenn O. Mills of Edinburg, Indiana. The couple were attended by Mr. and Mrs. Glenn Mills, Jr., of Indianapolis.

The ceremony was read by Dr. A. J. Coble of Indianapolis, in the First Christian Church, which was beautifully decorated with lilies, Dorothy Perkins roses, and delphinium. The church was lighted by two sevenbranch candelabra on each side of the altar. Wedding airs were played by Mrs. Owen Breeding at the organ.

The bride wore a princess style bemburg print, and her accessories were white, with a corsage of pink rose-buds and baby's breath.

Following the wedding ceremony a reception was held at the Mills residence for members of the wedding party and guests. A three-tiered wedding cake, decorated with bride and groom standing under a bell on top, was served with punch.

Mrs. Mills graduated from West Texas State College in 1941, where she was a member of the Spanish Club and Kappa Tau Phi Sorority. She taught business subjects in Samnorwood and Canadian High Schools, and for the past eighteen months has been employed as instructor at Amarillo Army Air Field.

Firms May Hire Workers Without Priority Program

Employers in Randall county, except that portion of Randall county located in the city of Amarillo, will be permitted to hire male workers without referral by the United States Employment Service under authority of the Area Director of the War Manpower Commission and the Amarillo Area Management-Labor Committee. This constitutes a special arrangement under the Priority Referral Program of the War Manpower Commission, which goes into effect at midnight June 30, F. A. Wells, Area Manpower Director, said, and is subject to change if operating experiences and National manpower needs dictate.

No local office of the United States Employment Service is located in that part of Randall county located outside of the city of Amarillo, he said, and undue hardship would be imposed upon workers if they were required to make a trip to Amarillo to secure a job.

It was emphatically pointed out, however, that while these arrangements permitted a worker to seek employment within the county without having to be channelled through the Employment Service, that the Employment Stabilization regulations were still in effect and that workers now employed or employed during the preceding 60 day period in an essential industry could not be hired except upon referral by the United States Employment Service or upon the presentation of a Statement of Availability. Mr. Wells also said that while workers would not be required to go through the USES when seeking a job inside the county that they should understand that no such arrangement exists in counties in which an office of the USES was located and that in those counties no employer should hire a male worker except upon referral of the USES.

One of the objectives of the Priority Referral Program is to keep essential workers on their present jobs, he continued, and he urgently requested less-essential employers to refrain from hiring essential workers pointing out that such practice was in violation of the Stabilization Plan and could, if allowed to reach proportions detrimental to the war effort be a reason for remanding the arrangement on the Priority Referral Program in that part of Randall county located outside of the city of Amarillo.

No restrictions whatever has been placed on agricultural workers, so long as they remain in agricultural work, he said.

Photographs Will Be Shown Here In October

A very fine exhibit of industrial photographs will be shown at West Texas State College from October 1 to October 15. This exhibit is being sent through the public relations office of the Southwest District of the U. S. Steel Corporation. The purpose of the exhibit is to acquaint people with the methods of work in the steel industry. It may be the first of a series of exhibits of this kind which will be made available to the college.

Felix Pierce, C/M, U. S. N. is spending a 20-day leave with his family after having spent 11 months in the South Pacific and in convoying troops to the South Pacific. He will report to Seattle, Washington, for further orders.

Pfc. C. L. Roberts, U. S. Marine Corps, left Sunday night for Cherry Point, N. C., after having spent several days in the home of his sister, Mrs. Sam Hill and family. Pfc. Roberts is an ex-student of Canyon Hi and has been in the Marines a little more than a year.

Monday Mrs. Hosea Foster drove her mother, Mrs. E. V. Holman to Hereford, where she will supervise harvest on her farms.

Randall County Home Ecs. Meet

The last meeting of the year of the Randall County unit of Home Economists was held Thursday evening in the home of Miss Margaret Barrett. Miss Elizabeth Cox presented an interesting report on the conservation of clothing after which a resume of the year's work was given. At the close of the meeting, refreshments were served to Mesdames Frank R. Phillips, Gladys Archer, Langford, and Misses Gladys Armstrong, Elizabeth Cox, Margaret Barrett, and Roxana Ruth Ford.

Mrs. I. A. Hicks of Brownwood arrived Sunday night to spend a few days in the C. H. Stratton home.

Mrs. Tipora Hussey of Denton with her son and his wife, spent Monday and Tuesday with her sister, Mrs. W. S. Myers.

Miss Zorene Oldham has been a medical patient in an Amarillo hospital this week.

Mrs. C. A. Leath of Wichita Falls visited with her brother, Charlie Stratton and his wife the past week.

ARMY TRUCKS FOR FARM USE

The farmer in critical need of a truck may apply to his county AAA Committee for a used army truck, the War Food Administration announces. Upon the basis of applications on hand and further investigation, AAA offices prepare letters certifying to the needs for available trucks. These letters authorize truck dealers to negotiate with proper authorities and buy the trucks for resale to approved applicants. WFA warns that for some time relatively few persons who need trucks for essential agricultural purposes will get them.

GOAL IS ONE $25 WAR BOND EACH

The 680 delegates attending a 4-H club convention in Stillwater, Okla., set their goal for at least one $25 War Bond from the personal earnings of each club member in Oklahoma and agreed to promote the sale of bonds to members of their families and their neighbors.

FARM PLANS FOR WAR VETS

In formulating principles of guidance for establishment of veterans, war workers and farm youths on farms after the war, the Interbureau Committee of the Department of Agriculture points out that most of the good agricultural land in the United States already is in farms. Approximately one and one-half million veterans with farm experience will be demobilized following the war, many of the three million war workers with farm experience may wish to return to farming, and thousands of farm youths will be looking forward to a place in agriculture, the committee reported. "Intensification, improvement and further development in productive land areas" might make 350,000 family farms available during the five years after the war, and if additional farms are needed, perhaps 300,000 more could be developed within 10 years through reclamation, the committee said.

The people who purchase enough war bonds will be able to retire in old age instead of just giving up.

Pvt. Ansil Kirk Powell arrived in Canyon Tuesday after having spent 15 months in Italy and North Africa. He and his wife are spending his 21 day furlough in the home of her parents, Mr. and Mrs. B. B. Cluck and the home of his parents, Mr. and Mrs. J. H. Powell, in Amarillo.

College Training To Be Discontinued

Official sources mark June 30 as the closing date for the 3093d Base Unit of the American Air Force. Since the opening of the organization as the 350th College Training Detachment on March 22, 1943, so many Aviation Students have added to the nation's fighting air-power through college ground and flight instruction assimilated at West Texas State Teachers College, that, to accomplish the task, a regular staff of twenty-seven instructors was organized. To supplement the academic, a permanent staff headed by Capt. D. E. Echols as commanding officer who arrived for duty in April of 1943, was procured to instill military discipline and administer the organization. The officers of his staff were as follows: Capt. J. W. Worsham, Medical Officer; Capt. O. J. Jacobi, Director of Military Training; 1st Lt. Manly D. Ballard, Adjutant; 1st Lt. Milton C. Wray, Tactical Officer; 2nd Lt. Earl B. Essing, Tactical Officer.

Captain Echols was transferred back to Ellington Field and later assumed command of the 31st College Training Detachment, Allegheny College, Meadeville, Pennsylvania.

Succeeding Captain Echols, was Major Richard C. Corbyn, who was later sent to the Army Air Forces Staff School at Headquarters, Army Air Forces, Washington, D. C.

The present staff of the 3093d Base Unit is headed by Capt. Paul E. Boutz, who arrived for duty in February of 1944. Captain Boutz effected manifold beneficiary changes for both the students and personnel of the detachment alike. His command has helped raise the 3093d's military standards to where they are today. His staff consist of Captain Harold C. Freedman, Medical Officer; 1st Lt. Manly D. Ballard, Adjutant; 1st Lt. John T. Sullivan, Commandant of Students; 1st Lt. Earl B. Essing, Tactical Officer; 2nd Lt. Calvin Johnson, Supply Officer.

Non-coms are as follows: M/Sgt. Thomas W. Huffstickler, S/Sgt. Charles C. Graham, S/Sgt. Charles M. Miller, Sgt. Roy Gardner, Sgt. Paul P. Sammons, Sgt. Raymond F. Anton, Cpl. Charles Glass, Cpl. T. W. McReynolds, Cpl. Aubry D. Ataway Maio, Pfc. Gauthier, Pfc. Bottrell, and Pvt. Walsh.

Teachers who were shifted to heads of departments over a year ago are Doctor Hattie Anderson, history; Dr. B. F. Fronabarger, English; Dr. T. B. McCarter, physics; Dr. C. A. Murray, mathematics; Dr. Darthula Walker, geography; W. A. Miller, head Coach. Mr. Cecil Briggs, M. S., has handled the position of co-ordinator between civilian and military authorities exceptionally well, according to Major S. J. De Brume, who is co-ordinator between the academic progress of many CTD's in the Western Training Command. Starting June 8, 1944, Major De Brume made an inspection lasting three days.

Other professors and their departments are as follows: Ima Barlow, history; J. I. Culbert, geography; Foy Dodson, physics, (formerly a navy radar instructor); C. W. Foote, Civil Air Regulations; Mrs. C. W. Foote, mathematics; Bill Mac Gibson, medical aid. Sgt. Anton has taught the last few weeks. Mr. Gibson left on May 19 for Clovis, New Mexico.

Completing the complement are as follows: Lee Gilmore, physics; E. C. Hawkins, physics; Peyton Irving, history; A. K. Knott, English; Mrs. T. B. McCarter, physics laboratory; Jean Moore, geography; Floyd Murray, physical training; W. W. Nicklaus, physical training; W. A. Patman, English; F. R. Poole, physics; C. L. Sone, mathematics; Mattie Swayne, English; W. L. Vaughan, history.

Vacation Bible School at Baptist Church July 1

The annual Vacation Bible School for boys and girls from 4 to 16 will begin with a registration 2-hour session at the Baptist Church, Saturday, July 1, at 3 o'clock. Pastor Roy L. Johnson reports that more than twenty people will assist with the teaching and other activities of the school. Pupils do not use text books, but the teachers do. Social and picnic activities with the informal teaching makes the school really a vacation. Important Bible books and topics will be studied, Bible and missionary stories will be told, and music will be studied. Bob Kilgore will have general direction of all the music and the pastor with Mr. Kilgore will direct the general worship period each morning. The school will continue two weeks, with all sessions except the first Saturday registration coming from 8:30 to 11:30 each morning. A commencement will be held at the close of the school to exhibit the memory work, notebook work, and hand work done during the two weeks. Boys and girls of the entire community are welcome to attend, but it is urged that they register early in order to keep up with the ones who start at the beginning and cause less extra work for the teachers.

Lee Gilmore Made Manager of The College Book Store

Mr. J. L. Gilmore is the new manager of the College Bookstore. He will relieve Mrs. Charles Miller who may not be a resident of Canyon much longer, and who feels that the uncertainty of her plans makes it inadvisable for her to continue in this position. However, if she remains in Canyon she will continue in the Bookstore, where her experience will be a great help to Mr. Gilmore as he begins his new work.

For several months Mr. Gilmore has been on the teaching staff of the 350th Training Detachment. He has been popular and respected there, and he and Mrs. Gilmore have become well established in the community. Mrs. Gilmore is a member of the Canyon High School faculty and is sponsor of The Eagle's Tale, Canyon High School paper.

Both Mr. and Mrs. Gilmore are graduates of West Texas State College. Before coming to Canyon Mr. Gilmore was superintendent of schools at Wheeler. His long administrative experience fits him admirably for the management of the Bookstore.

Prescription for SYNTHETIC RUBBER

THE MAJOR INGREDIENT, approximately 75 per cent, of synthetic rubber is *Butadiene*. The name sounds like medicine, and the product is truly a great healing compound for the rubber ailments on both the war and home fronts.

In the vast Plains Butadiene Plant, (owned by Defense Plant Corporation) designed and built by Phillips : : : utilizing Phillips own patented processes : . . Phillips is headed for an annual production of 90,000,000 pounds of Butadiene.

This is just another illustration of the growing importance of the chemical values now being extracted from petroleum raw materials. It highlights the fact that Phillips refineries producing gasoline, lubricants; and fuel oils, are also *gigantic chemical plants*, today, pouring out weapons for victory; tomorrow, producing new and better things for you from petroleum and petroleum gases.

Nearer and nearer draws the day when synthetic tires will be generally available . . . when you can drive into any Phillips 66 Service Station and buy as many tires as you want. Yet the uncertainties of war make definite prediction impossible. That is why it is just as important as ever for you to coax every last bit of travel from your tires.

To help you do that, call on your Phillips 66 Service Man. His *Tire-Saving Service* includes checking air pressures at least once a week . . . inspecting for nail holes, cuts, and bruises . . . examination of the tire carcass to warn you when re-capping is necessary . . : and crisscrossing with the spare every 3,000 miles.

Remember, Phillips Tire-Saving Service at the Orange and Black 66 Shield, sign of famous Phillips 66 Gasoline and Phillips 66 Motor Oil.

Sarah Thompson Councillor of Life Girls' Camp

Miss Sarah Thompson, class of '42, left Sunday morning for Sussex, New Jersey where she will serve as a councillor of Life Girls' Camp for the next two months. Miss Thompson is a primary teacher in the Amarillo Public Schools. This is her second summer to serve as a camp councillor.

Director of the Life Girls' Camp is Miss Lois Goodrich, a former student of W. T. and for several years a teacher of English in Canyon High School.

Wayside Items

Rev. Jack Reeves filled his regular appointment Sunday and was a dinner guest in the Grady Kennedy home.

Mrs. Myrtle and Mrs. Othello McGehee left Friday afternoon for Wichita Falls. Mrs. Myrtle McGehee will remain for a visit with her daughter, Mrs. Bernice McNeil and Mrs. Othello McGehee will go on to Stephenville to visit with her mother.

Mr. and Mrs. Marvin Hamblen and son, Troy, of Amarillo are at the W. H. Hamblen farm to help with the harvest.

Mr. and Mrs. Sid Franklin of Trespiedras, N. M., and his mother,(Mrs. E. A. Franklin of Happy, also his sister, Mrs. Bonnie Sluder, called in the W. H. Hamblen and W. R. Franklin homes Saturday afternoon.

Lynn Payne has joined the Naval Reserve and is in boot training at Farragut, Idaho.

Wayne Sluder writes his folks that he is stationed at Patterson Field, Ohio.

Some have started harvesting wheat and some report 25 and 30 bushel wheat.

Mr. and Mrs. Kaffir Knox have sold their home in Silverton and moved to Tulia.

The Wayside community has just received the honor roll plaque for the Wayside boys who are in the service. It has been ordered for some time and will be hung in the church.

Vacation Bible School

On Friday evening at eight o'clock the boys and girls will give their closing program at the Presbyterian Church. The Beginners will sing hymns, offer prayer, and hear a Bible story. The Primary group will recite the Twenty-third Psalm, dramatize the story of the Good Samaritan. The Junior-Intermediate group will sing hymns they have learned, present a psalm that they have composed, and will tell some of the stories of the life of Jesus with the aid of the pictograph. Each group will have some handwork on exhibit and will play a game that has been used in the recreation period.

This has been an excellent school and everyone is invited to this closing service.

Copes Are Serving With Armed Forces

Two more of W. T.'s women graduates are serving with the Armed Forces of this country.

Miss Thelma Cope, 1935 graduate of W. T., is in Australia serving with the WAC. Her sister, June Cope, 1939 graduate, has joined the WAVES and is to report for duty in New York City, June 30. June taught Physical Education in Portales, New Mexico last year. A third member of the Cope family, Mrs. Cleta Welsh is living in Los Angeles with her mother.

Bow Your Heads

THIS is Invasion! Now in the hearts, brains and muscles of our American Youth lies the future of our country.

Bow your heads. Pray with millions of mothers the country over, as their hearts reach out over the seas, each one seeking out her boy, to protect him with the shield of her love.

Believe that in this world there is definite strength in decency and honor. Believe that in our devotion there is moral force. Believe that our *will* to victory will aid that victory.

Seek and ye shall find!

Let us seek added strength and fortitude for our men in our own sacrifice and devotion.

Let us focus every thought, every action, and every prayer on the boys fighting for us.

And, while each one bends to his task with ever-growing fervor and energy, let us adopt a common symbol as our faith in Victory.

Let that Symbol be War Bonds. Let us pour our money in a gigantic *flood* of goodwill toward our sons and brothers, as a spiritual shield for them.

This is the Invasion. The lives of our boys are at stake. Let them see that the Soul of America is with them.

Let it not be too late . . . not next month, next week, or tomorrow, but today . . . *now*.

Football Games Played by Boys Recreation Club

The Canyon Recreation Club has just finished a series of touch football games. In the Sub-junior division Lynn Neill's team came out with the greatest number of wins. In the final game Neill's team defeated Lynn Bluett's team 6 to 0. In the Junior Division, Carroll Vaughan's team was the winning team.

On Monday evening in Burton Gym the Sub-juniors finished up a basketball tournament. In the final game on Monday Lynn Neill's team defeated Jack Riley's team for the basketball championship. The outstanding players on Neill's team were Hair, Morton and Neill. On Riley's team Joe Cook and Jack Riley were outstanding. Bob Ray Ratcliff and Lynn Bluett were captains of the other teams that were defeated earlier in the tournament.

Yesterday at 6:30 the Club held a track meet at Buffalo stadium. All boys that competed in the events represented the same teams as in the basketball tournament. This meet was held too late for the results to be in this issue of the paper.

In the swimming program some 60 boys are taking instructions in the fundamentals of swimming. Already a great number of the non-swimmers have learned to swim. Metz LaFayette, Leslie Curb and Coach Nicklaus are supervising the swimming instructions. Within the next four weeks a swimming meet will be held for the club members. At that time awards will be presented to four boys that have shown the greatest progress in swimming.

Coach Nicklaus urges all boys from Canyon and Randall County to enroll in the Recreation Club. At least four evenings a week are devoted to recreational sports. The swimming and all other sports are well supervised. Rev. Jones and Leslie Curb are assisting in the supervision of the sports.

A. Gidden and family and Mrs. Sam A. Thomas, Jr., and her son from Memphis spent Sunday in the home of Mr. Gidden's brother, E. Gidden.

Mrs. W. S. Myers left Tuesday to spend the week in Plainview.

Car Ceilings to Become Effective

Regulations pertaining to the used car ceiling prices that go into effect July 10 will be discussed by officals of the Price Division of the Office of Price Administration in meetings to be held with dealers throughout the District. These meetings will be held before July 10 and will serve to bring about better cooperation through understanding.

The placing of ceilings on used cars will affect all sales of used cars by individuals or dealers. Prices are listed for 23 makes and about 6,000 models of passenger cars. Dealers, whose name is carried on manufacturers' dealer lists, have received a copy of the regulation and a sample copy of the certificate of transfer.

Because passenger cars are part of the national transportation system, especially in rural areas, the action was necessary.

Mrs. Jack Taylor and daughter have gone to San Diego, Calif., to be with her husband who is stationed there training for the Navy.

Mr. and Mrs. John Schramm of Flagstaff, Arizona., are visiting relatives and friends in Canyon.
